*Ocracoke Island...
As far removed from the
hustle and bustle of
everyday life as you can
imagine. Truly an island,
Ocracoke is accessible
only by boat, car ferry or
private plane.*

Here you will find 15 miles of pristine, undeveloped beaches maintained by the National Park Service. Inhabited only by sandpipers, ghostcrabs, seagulls and seashells, it is rated one of the top ten beaches in the nation. Our beaches offer a peaceful place to enjoy the beauty of the sea and all that nature has to offer.

The Ocracoke Harbor Inn

Overlooks picturesque Silver Lake Harbor, located in the village, yet off the beaten track. Designed with the beauty and serenity of the harbor in mind, the inn was designed to allow you to enjoy wonderful views from your own private deck.

Besides the view...

Our sixteen rooms and seven suites include such comforts as color cable TV, climate control, hairdryers, refrigerators, coffee makers, telephones and wireless Internet to keep in touch with the real world. Most rooms have two queen-size beds or one king-size bed. Handicapped-equipped rooms are also available.

All suites have a private balcony and offer a Jacuzzi or whirlpool tub, plus a well-equipped kitchenette. Five suites feature one bedroom and a living room with a queen-size sleeper sofa. There are also two studio-style suites tastefully decorated and luxuriously furnished. All rooms and suites are nonsmoking with no pets allowed. Four-person maximum occupancy.

In the morning

Join us for continental breakfast in our sunny lobby or dockside at water's edge. With pelicans, seagulls, herons and the occasional otter you can enjoy the abundant wild-life of the island just steps away from your room.

During your stay...

Boat docking is free with your advance reservation, and after a day of boating or the beach there are outdoor showers for your convenience. Bicycles and charter fishing are also available. Complete your day by grilling out on our charcoal or gas grills. Kick back and relax and take in the scenery or explore the island's many miles of untouched beaches. We will be happy to help you plan a perfect getaway.
